This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

LEICESTER SQUARE.

PREFACE.

The following Tables exhibit,—

1st, French Money reduced into English in 141 rates, from pages 1 to 142;

2d, English Money reduced into French in 141 rates, from pages 143 to 284; each rate advancing by 2½ Centimes from 23 to 26½ Francs per Pound sterling.

3rd, Commissions in French and English Monies, from ⅛ to 5 per Cent, in 19 rates, from pages 285 to 304.

The Francs advance by single numbers from one to one hundred, and shew the value from One Franc to One Million of Francs, in Pounds and decimals of a Pound. On the same page with each rate, Centimes and Francs are reduced into English Money as follows: The figures to the left of the decimal point are pounds, the first figure to the right of the point, being a decimal, is doubled to produce shillings, the second and third figures are hundredth and thousandth parts; when the fourth figure is under 5, no account is taken of it, but if it amount to 5, it is struck out and 1 added to the third figure; now, as the Pound contains only 960 Farthings, equivalent to 1000 decimals, 50 are equal to a shilling or 48 farthings, decimals under 50 are therefore more nearly approximated to farthings by deducting 1 at 13 and 2 at 38, every sum of money being expressed to the nearest decimal, as the following examples will shew.

Required the amount of the following Francs in English Money, at the rates of Exchange noted:—

Francs.	Exchange.	£	£	£ s. d. f.
98	25.67½	3.8169	3.817	3 16 4 0
100	25.72½	3.8872	3.887	3 17 9 0
1,000	..	38.8726	38.873	38 17 5 2
10,000	..	388.7269	388.727	388 14 6 2
100,000	..	3,887.2692	3,887.269	3,887 5 4 2
1,000,000	..		38,872.692	38,872 13 10 0

Thus a cipher added to one hundred increases it tenfold, two one hundredfold, and so on; the decimal point is, therefore, removed one figure farther to the right for every cipher added, and as the decimals are carried out to seven figures, capitalists and others can ascertain the precise value of all sums up to One Million of Francs, in English Money, without the loss of a single fraction, and in sums from one to ten Millions of Francs the loss cannot be more, and seldom so much, as 10 decimals or farthings.

The Pounds advance by single numbers, from one to one hundred, and shew the value from One Pound to any number of Millions of Pounds, in Francs and decimals of a Franc. On the same page with each rate, Farthings, Pence, Shillings, and Pounds, are reduced into French Money as follows: The figures to the left of the decimal point are Francs; the first two figures to the right of the point are decimals or Centimes; when the third figure amounts to 5, 1 is added to the second, as the following examples will shew.

Required the amount of the following Pounds in French Money, at the rates of Exchange noted :—

£ s. d.	Exchange.	£ s. d.		Francs.
3 16 4	25.67½	3 - -	give	77.025
		- 16 -	—	20.54
		- - 4	—	- .43
		3 16 4	—	97.995

Being equal to 98 Francs, thus agreeing with the first example.

£ s. d.	Exchange.	£ s. d.		Francs.
38,872 13 10	25.72½	38,000 - -	give	977,550.00
		870 - -	—	22,380.75
		2 - -	—	51.45
		- 13 -	—	16.72 (125)
		- - 10	—	1.07 (187)
		38,872 13 10	—	999,999.99 (312)

Being 1 decimal or Centime short of One Million of Francs, as shewn by the last of the former examples.

Required the Commission on 1768 Francs 73 Centimes at $\frac{7}{8}$ per Cent. Opposite 17 Francs are .148750; but as 1700 Francs are wanted, the decimal point is removed two figures farther to the right.

	Fcs Cmes		Francs.
Thus	1700.00	give	14.875
	68.00	—	- .595
The value of 73 Centimes is now required. 73 Francs give .63875; but 73 Centimes being decimal parts of a Franc, the point is removed 2 figures farther to the left; therefore	.73	—	- .006
	1768.73	—	15.476

Being equal to 15 Francs 48 Centimes.

EXAMPLES OF DUTCH EXCHANGE.

Required the amount of £26 14*s.* 9*d.* in Dutch Money at the rate of 12 Florins 8¼ Stivers, or 12 Florins 41¼ Cents per £. 5 Cents making a Stiver.

	£ s. d.		Fcs Cmes
At 24.82½ :—	26 0 0	give	645.45
	- 14 0	—	17.38
	- - 9	—	.93
	26 14 9	—	663.76 French Money.

This amount must be reduced one half, as the rate of Exchange is doubled, the answer, therefore, is 331 Florins 88 Cents.

Required the amount of 331 Florins 88 Cents in English Money, at 12 Florins 41¼ Cents per £.

	Fcs Cmes		£	
At 24.82½ :—	600.00	give	24.1691	
	63.00	—	2.5377	
	.76	—	.0306	
	663.76	—	26.7374	— 26.737

Being equal to £26 14*s.* 9*d.*, thus agreeing with the previous example.

These voluminous Tables are based upon original calculations made by two distinct methods, each proving the correctness of the other, full reliance therefore may be placed in their perfect accuracy; and the plan being new, simple, and comprehensive, the Author trusts they will be found useful, and worthy the support of the Commercial Classes of France, Holland, Belgium, Italy, and Great Britain.

The Author has prepared, upon the same plan, Tables of the Monies of the other principal Countries and Cities of Europe, to be published in succession.

London :—Printed by George Barclay, Castle Street, Leicester Square.

TABLES OF SIMPLE INTEREST,

AT

5. 4½. 4. 3½. 3. & 2½.

PER CENT. PER ANNUM,

FROM

1 DAY	TO	365 DAYS,
1 MONTH	....	12 MONTHS,
1 YEAR	....	12 YEARS.

EACH TABLE ADVANCING SUCCESSIVELY BY SINGLE POUNDS, FROM ONE POUND TO ONE HUNDRED POUNDS—BY HUNDREDS TO ONE THOUSAND POUNDS—AND BY THOUSANDS TO TWENTY THOUSAND POUNDS.

ALSO

TABLES OF COMPOUND INTEREST,

AND

INTEREST ON LARGE SUMS FOR A SINGLE DAY,

AT THE ABOVE RATES.

WITH

COPIOUS TABLES OF COMMISSION OR BROKERAGE,

FROM ONE EIGHTH TO TEN PER CENT.

ACCOMMODATED WITH A NEW TIME TABLE.

BY

JAMES LAURIE.

"IN counting-houses, Interest Tables are very frequently made use of. Such publications have, in consequence, become very numerous. Most of them have some peculiar recommendation; but in the great requisites of simplicity of arrangement and comprehensiveness, we have seen none better adapted for general use, than those recently published by MR. LAURIE."—*M'Culloch's Dictionary, p. 674, 1st Edition.*

NOVEMBER 17th.—44 Days to 31st of December.

ADVERTISEMENT TO THE TENTH EDITION.

I.

No. 9, BILLITER STREET,

London, 1st January, 1845.

IT is now fourteen years since these Tables were published, during which period, nine editions have been sold.

They possess two advantages peculiar to themselves, and are in these qualities superior to every other Book of Interest hitherto published.

1st. Six different rates are given in every folio, namely, 5, 4½, 4, 3½, 3, and 2½ per cent. per annum; thus showing in contrast the value of money at all of these rates, for every day in the year, 1 to 12 months, and 1 to 12 years.

2nd. The principal advances successively by single pounds from £1 to £100, then by hundreds to thousands, and by thousands to twenty thousand pounds. The interest of any sum under £100 can therefore be obtained by one inspection, and under £1000 by two.

The Author has received from many Bankers and Merchants their high commendations of the great accuracy and practical usefulness of his Tables. With the view of meeting the times, and rendering this work more available to all classes of the Commercial World, he has reduced the price from 30s. to 21s. in boards.

II.

Also lately published, price 7s., uniform with the above,

LAURIE'S INTEREST TABLES,

AT

5. 6. 7. 8. 9. & ½ per Ct. per Annum,

FROM

APRIL 3rd.—272 Days to 31st of December.

I.

No. 9, Billiter Street,
London, 1st January, 1845.

These Tables have been prepared, (price 7*s.*) for Bankers and Merchants requiring higher rates than 5 per cent. per annum. They are uniform in plan and arrangement with the Author's voluminous tables at lower rates.

II.

Just published, price 21s., the Tenth Edition of

LAURIE'S INTEREST TABLES,

AT

5. $4\frac{1}{2}$. 4. $3\frac{1}{2}$. 3. & $2\frac{1}{2}$ per Cent. per Annum,

FROM

1 DAY	TO	365 DAYS.
1 MONTH	..	12 MONTHS.
1 YEAR	..	12 YEARS.

WITH TABLES OF COMPOUND INTEREST, COPIOUS TABLES OF COMMISSION, &c. &c.

It is now fourteen years since these Tables were published, during which period nine editions have been sold.

They possess two advantages peculiar to themselves, and are in these qualities superior to every other Book of Interest hitherto published.

1st. Six different rates are given in every folio, namely, 5, $4\frac{1}{2}$, 4, $3\frac{1}{2}$, 3, and $2\frac{1}{2}$ per cent. per annum; thus showing in contrast the value of money at all these rates, for every day in the year, 1 to 12 months, and 1 to 12 years.

2nd. The principal advances successively by single pounds from £1 to £100, then by hundreds to thousands, and by thousands to twenty thousand pounds. The interest of any sum under £100 can therefore be obtained by one inspection, and under £1000 by two.

The Author has received from many Bankers and Merchants their high commendations of the great accuracy and practical usefulness of his Tables. With the view of meeting the times, and rendering this work more available to all classes of the Commercial World, he has reduced the price from 30s. to 21s. in boards.

III.

Lately published, price 6s.,

LAURIE'S TABLES OF EXCHANGE

BETWEEN MADEIRA AND LONDON.

Or Portuguese money reduced to English, and English money reduced to Portuguese, at par, and from 19 to 40 per cent. premium, &c., &c., with Tables of the Course of Exchange between London, the Brazils, Oporto, and Lisbon, from 22 to 28 pence, and 48 to 60 pence per Mil Reis, and Tables of Commission, in Reis, from $\frac{1}{8}$ to 10 per cent.

WHITTAKER & CO., AVE-MARIA LANE;
AND THE AUTHOR, No. 9, BILLITER STREET.
